

Learn More Online

Countdown to Kindergarten events are for children during the year before they start kindergarten, though younger children and siblings are welcome to attend. Adult caregivers **must** be present and supervising their children at all times. Events are held at different branches of the Anchorage Public Library (APL) during the school year. See more details and the full schedule online:

Kindergarten Readiness

Practicing different life and early literacy skills during the year before kindergarten helps your child be ready and confident to start school. Countdown to Kindergarten can prepare your children by providing a safe place to try things out!

Just getting started?

Grownups, take our starting survey online:
